## Nordic essence

DESIGN

CMP Design, 2012

**EN** — Malmö chairs are designed to fit in convivial spaces and they evoke warmth sensations thanks to the touch of ash wood, the tapered look and the appeal of tradition. Malmö collection consists of a plywood shell in ash wood that appears suspended, nearly floating, on a solid wood frame. The design elements appear in their purity, thicker in the joints and tapered in a natural way to offer lightness and elegance.

**IT** — Le sedute Malmö, pensate per essere usate in luoghi di convivialità, esprimono un tepore domestico grazie al piacere tattile del frassino, l'espressività delle forme tornite, l'affinità con un immaginario tradizionale. La collezione Malmö è costituita da una scocca in multistrato di frassino che appare sospesa, quasi fluttuante, su un telaio in legno massello. Gli elementi strutturali appaiono nella loro pura costruzione, aumentando di spessore presso le connessioni ed affusolandosi in modo naturale a favorire leggerezza ed eleganza.

## Now traditional chair

DESIGN

CMP Design, 2019

**EN** — Folk collection accentuates the quest for simplicity. Its friendly character, the warmth of ash wood, the soft and compact dimensions, human lines seamlessly convey the concept of a chair that speaks a universal language. The power of proportions is clearly evident in the time-tested forms, re-elaborated with the new possibilities offered by technology. The use of the cane seat guarantees visual lightness and maximum durability.

**IT** — La collezione Folk è il risultato di una ricerca della semplicità. Il carattere amichevole, il tepore del frassino, le dimensioni compatte, le linee morbide e umane sembrano trasmettere l'idea di sedia in un linguaggio universale. La forza della proporzione si esprime in modo chiaro nelle forme consolidate dalla tradizione rielaborate con nuove possibilità tecnologiche. L'utilizzo della paglia di Vienna garantisce leggerezza ottica e massima resistenza.

# Jamaica

## Italian bohème

DESIGN  
CMP Design, 2019

EN — Jamaica was inspired by Bar in Milan's Via Brera, a legendary hub for intellectuals and artists in the twentieth century. The elegance of this chair speaks of an age in which art, technology and the imagination came together to give a human face to the aesthetics of machines, reimagining a peaceful world with creative sociability. The result is a modernist collection which reworks the classic forms of the past with a contemporary edge.

IT — Jamaica si ispira al celebre Bar di via Brera a Milano, che fu ritrovo di intellettuali e artisti del secolo scorso. L'eleganza della seduta ci parla di un'epoca in cui l'arte, la tecnica e la fantasia sedettero a tavolino per dare un volto umano all'estetica delle macchine, per reinventare un mondo pacifico e una convivialità creativa. Il risultato è una collezione modernista che, guardando con ironia alla tradizione, reinterpreta le forme storiche del passato.

## Essential purity

DESIGN  
Pedrali R&D, 2006

EN — Designed to be light but at the same time solid and resistant, Young is a seating collection born from the union of a curved plywood shell with a solid oak frame, that outlines and enhances its sinuous design.

IT — Nata per essere leggera ed al tempo stesso robusta, Young è una collezione di sedute ottenuta dall'unione di una scocca in multistrato curvato con una struttura in massello di rovere che ne definisce i contorni e ne esalta la linea sinuosa.

DESIGN

Pedrali R&D, 2001

**EN** — A very simple shell becomes an icon: from the plywood type in oak veneered with horizontal veins, up to technopolymer and methacrylate materials, to end up with the upholstery version. An innovative backrest that offers comfort, the curved lumbar profile allows an ergonomic rest. Kuadra is multitasking by definition, available with tubular frame in square section laser-cut, refined and innovative, or in the traditional versions in tubular frame or sled base in steel rod.

**IT** — Una scocca semplice diventata iconica: dalla versione in multistrato impiallacciato in precomposto di rovere con venatura orizzontale, fino a quelle in tecnopolimero, metacrilato e imbottito. Uno schienale innovativo: dal profilo lombare curvato, che permette un appoggio ergonomico, alto e confortevole. Multitasking per antonomasia, Kuadra è disponibile con struttura in tubo quadrato tagliato al laser, curata e innovativa, oppure nelle versioni più tradizionali in tubo e a slitta in tondino d'acciaio.

Eugeni Quitllet, 2018

**EN —** While evoking the soft sinuous curves of wooden chairs from the late nineteenth century, Remind's organic silhouette recalls something never seen before, a universal shape able to fit into any space and style of decor. The result is an innovative polypropylene armchair, in which each element is conceived to ensure total comfort and cosiness.

**IT —** Remind riprende la memoria delle curve morbide e sinuose delle sedie in legno della seconda metà del XIX Secolo. La sua essenza si esprime attraverso una silhouette dalle forme organiche capace di "ricordare qualcosa mai visto prima", una forma universale in grado di adattarsi a qualsiasi spazio e stile. Una poltroncina innovativa in polipropilene in cui ogni elemento è pensato per conferire comfort e avvolgenza.

## Pure creativity

DESIGN

Eugeni Quitllet, 2018

**EN — The concept of Soul stems from the idea of creating a chair using a blend of age-old methods and cutting-edge techniques. Its ash structure has a minimalistic, flowing silhouette, characterized by a harmonious interplay of curves and lines. The ergonomic polycarbonate seat, that appears suspended, can be padded to enhance its comfort. The outdoor version made of aluminium, with a seat in teak slats, ensures strength and lightness.**

**IT —** La poltrona Soul nasce dal desiderio di creare una seduta ricorrendo a metodi tradizionali e sfruttando al tempo stesso la tecnologia. Linee sinuose caratterizzano una struttura in frassino resa dinamica e di carattere grazie al gioco armonico di curvature e dolci inclinazioni. Il sedile ergonomico in policarbonato, che pare sospeso, può essere imbottito per esaltarne il comfort. La versione outdoor realizzata in alluminio, con sedile con doghe in teak sagomate, garantisce resistenza e leggerezza.

## Fluidity of shapes

DESIGN

Patrick Jouin, 2019

**EN** — Wood - the ultimate natural raw material - is the inspiration behind Héra. Available in ash or American walnut, this armchair embodies the concept of lightness, fusing it with comfort. The backrest, in three-dimensional bent plywood, has a remarkably elegant and ergonomic design. The rectangular-section legs with round edge display an attention to detail.

**IT** — Il legno, materia prima naturale per eccellenza, ha ispirato Héra. Realizzata in frassino o noce americano, questa poltrona concretizza il concetto di leggerezza e lo unisce a quello di comfort e di avvolgenza. Lo schienale in multistrato curvato tridimensionale è gradevole alla presa, oltre che caratterizzarsi per eleganza ed ergonomia. Le gambe a sezione rettangolare con angoli raggiati esprimono attenzione ai dettagli.

# Joker

## Comfortly futuristic

DESIGN  
Roberto Semprini, 2008

EN — Joker is a charming piece of furniture with a soft seat suspended in the air nearly to hold the body. Joker is a lounge chair with a wide and soft seat that offers great comfort, its lateral profile develops into cozy armrests. An evolution of the cantilever chairs traditionally made with a satin stainless steel frame.

IT — Un oggetto carismatico con una soffice seduta sospesa nel vuoto quasi a cullare il corpo. Joker è una poltroncina lounge dalla seduta generosa e confortevole, caratterizzata da un profilo i cui lati diventano un accogliente bracciolo. Evoluzione delle sedie cantilever dal telaio in acciaio inox satinato, Joker presenta una morbida scocca imbottita.

## More is more

DESIGN  
Roberto Semprini, 2008

EN — An armchair born to satisfy the concept “more is more” as research of the best technology and aesthetic, in a provocative contrast to the minimalist philosophy “less is more” by Mies Van De Rohe. The concept is a stylized design that confers lightness suspending the soft seat from the floor with a stainless steel structure in brushed finish..

IT — Una poltrona nata per rispondere al concetto “more is more”, inteso come ricerca della miglior tecnologia ed estetica, in contrasto provocatorio con la filosofia minimalista “less is more” di Mies Van De Rohe. L’idea è quella di sospendere la morbida seduta rivestita in pelle dal pavimento, attraversando una struttura in metallo satinato dal disegno stilizzato.

EN — Serif stool and table stand for a three-dimensional harmony inspired by the architectural elements of column, and by specific “graces” of the fonts.

IT — Lo sgabello e il tavolo Serif si contraddistinguono per una compostezza tridimensionale che si ispira da un lato all'elemento architettonico della colonna, dall'altro alle “grazie”, proprie dei caratteri tipografici.
