EVERYTHING A GALLERY

COSAPOTS
EVERYTHING A GALLERY

COSAPOTS IS A BRAND WHERE PERFECTION AND CARE ARE KEYWORDS. OVER 5 PERSONS ARE INVOLVED IN THE HANDMADE MANUFACTURING OF EACH SINGLE POT. THEY ARE SIMPLY BEAUTIFUL

COSAPOTS

The design explained:

COSAPOTS production characteristics

- We put a lot of material in the body of the pots to make them stronger and steady, that way we can offer a longer guaranty.
- Well developed surface treatment techniques (a lot of labour).
- We make our rim 10-15 cm deep at the inside. That way the purpose of that inside rim is reached. After putting the soil in the pot you only see the nice rim!
- That longer rim makes the pot also stronger so it has a double function.
- Clean inside + a nice powdercoat layer.
- The production process is very intensive.

Structural solidity

The high rim makes the pot very strong

Strong, frost- and waterproof

Thanks to the Cohesa material
(Cohesa is made of the best quality polyester,
fiber glass and natural additives)

Water can flow away under the pot

Lifting the pot becomes easier, thanks to
the cast-in sunk feet

Solid look

thanks to the inward rim

Easy to repot

thanks to unique thin rim

Natural look

made by hand + easy to move thanks
to the lightweight Cohesa material

Bottom can be drilled through

thanks to the Cohesa material

PRESENTATION IN SHOP

RETAIL PRESENTATION

COSAPOTS is now available with protective DURABAG

- The pots are protected during transportation and while setting up the shop display.
- Protection during presentation in the shop. Reduces damage by your customers in the shelf.
- Protection against damage by customers during buying process and transport to check out and home.
- Printed/labeled product information (dimensions, colour, shape...)
- The durable bag reduces the amount of waste by replacing unnecessary packaging.
- Reusable as a garden waste bag.
