Modular system

Combine different locker cabinets and create the most suitable combination.

Note! Locker modules are fastened with screws.

Finishing touch

Complete your combination and create harmonious overall appearance by using top panel.

Variety of combinations

Combine lockers with 2 different door types – the standard and with cut-out for mail or air circulation.

Create colourful combinations and match the doors colour with lockers body.

Universal usage

A variety of sizes and box types to fulfil different needs – from storing small personal and work tools to big-size items.

Personalization

Customize your locker by using additional items.

Metal shelf (central)
for doors with mail slot

Metal shelf (right)

Plexiglas name
card holder

Metal hook
for clothes

4 types of locks

Choose different types of locks: from the standard lock, a combination lock to electronic locks (opened by a code or a card).

Locker assignment

Lockers with electronic locks can be assigned for **personal use** or be used by **different users** for temporary needs.

Assigned lockers give mobile workers the private space to store their belongings as they do not have a permanent workspace and moves around the office.
