IT. Le linee squadrate in combinazione con la lucentezza del materiale creano un gioco contemporaneo di riflessi e trasparenze. La scocca B32, in nylon lucido o policarbonato trasparente, è abbinabile ad una varietà di strutture per la versione poltroncina: 4 gambe o slitta in acciaio cromato o verniciato, basamenti girevoli in alluminio lucidato o verniciato e legno massello di frassino naturale. Lo sgabello girevole e regolabile in altezza è fornito su base in acciaio inox satinato e poggiapiedi cromato. Tutti i prodotti della collezione possono essere completati e resi ancora più confortevoli dal cuscino fisso, disponibile in vari colori di tessuto, ecopelle o vera pelle.

EN. The squared lines combined with the brightness of the material create a contemporary play of reflections and transparencies. B32 shell, in shiny nylon or transparent polycarbonate, can be combined with a variety of structures for the armchair: chromed or painted steel 4-legs or sled frames, swiveling polished or varnished aluminium bases and natural solid ash frames. The swiveling and height-adjustable stool is provided with brushed stainless steel base and chromed footrest. All products of the collection can be completed and made even more comfortable thanks to the fixed cushion, available in various colours of fabric, eco-leather or genuine leather.

IT. Sgabello girevole e regolabile in altezza, comodo e robusto, particolarmente adatto all'uso nel settore HoReCa. Una fascia di acciaio verniciato collega gli elementi imbottiti rivestiti in tessuto, ecopelle o vera pelle, selezionati e certificati per l'utilizzo contract. Il poggiapiedi in acciaio cromato o verniciato è abbinato ad una base in acciaio inox satinato. Disponibile nella versione originale senza schienale oppure nella versione Plus, con schienale alto per il massimo comfort.

EN. Swivelling and height-adjustable stool, comfortable and sturdy, particularly suitable for use in the HoReCa market. A painted steel band connects the upholstered elements, covered in fabric, eco-leather or genuine leather, selected and certified for the contract market. The chromed or painted steel footrest is combined with a brushed stainless steel base. Available in the original version without backrest or in the Plus version, with high backrest for maximum comfort.

IT. Seduta ideale per sale da conferenza o attesa, completa di accessori professionali per la collettività come il sistema di aggancio, i braccioli imbottiti, la tavoletta e i carrelli per la movimentazione. L'elevata disponibilità alla personalizzazione permette al progettista di identificare spazi e aree grazie a molteplici combinazioni di tessuti o finiture legno per la scocca. La precisione sartoriale si unisce all'ormai collaudato basamento in acciaio verniciato con sistema di stacking a V, che permette l'impilabilità fino a 10 pezzi, nella versione senza braccioli.

EN. Ideal seating for conference or waiting rooms, completed with professional accessories for the community such as hooking system, upholstered armrests, tablet and trolleys for handling. The high availability to personalization allows the designer to identify spaces and areas, thanks to various combinations of fabrics or wood finishes for the shell. The tailoring precision is combined with the now proven painted steel base with a V stacking system, that allows stacking up to 10 pieces, only for the version without armrests.

IT. Dam è una collezione di sedute imbottite per l'uso in ambienti interni. Gli elementi tappezzati poggiano su basamenti in alluminio lucidato o verniciato, con o senza ruote piroettanti, per la versione poltroncina. Lo sgabello girevole e regolabile in altezza è fornito su base in acciaio inox satinato e poggiapiedi cromato o verniciato. Le due fasce che compongono lo schienale avvolgono un sedile tondo e ben imbottito e svolgono due importanti funzioni: appoggio lombare e braccioli. È così che estetica e funzionalità si uniscono in un progetto adatto ad ogni tipo di ambiente: dalla casa, all'ospitalità, all'ufficio.

EN. Dam is a collection of padded seats for indoor use. The upholstered elements rest on swivelling bases made of polished or painted aluminium, with or without swivelling wheels, for the armchair version. The swiveling and height-adjustable stool is provided with a brushed stainless steel base and chromed or painted footrest. The two bands composing the backrest envelop a round and well padded seat and perform two important functions: lumbar support and armrests. This is how aesthetics and functionality come together in a project suitable for every type of environment: from home, to hospitality, to office.

IT. La scocca in poliuretano strutturale Tech® oppure tappezzata nella versione Slim è abbinabile ad una varietà di strutture in acciaio che la rendono adatta a soddisfare le esigenze di ogni concetto d'arredo, dai grandi spazi del contract alla dimensione residenziale. Basi a 4 gambe o a slitta in acciaio cromato o verniciato sono disponibili per la versione sedia, poltrona lounge e sgabello fisso. Lo sgabello girevole e regolabile in altezza è fornito su base in acciaio inox satinato e poggiaiedi cromato. Sedie e sgabello fisso della versione Tech® sono impilabili.

EN. Both Tech® structural polyurethane and upholstered shell of the Slim version can be combined with a variety of steel structures that make it suitable to meet the needs of every furnishing concept, from large contract to residential spaces. Chromed or painted steel 4-legs or sled bases are available for chair, lounge chair and fixed-height stool. The swiveling and height-adjustable stool is provided with a brushed stainless steel base and chromed footrest. Chairs and fixed stool with polyurethane Tech® shell are stackable.

IT. Collezione di sedute tappezzate con struttura in tubo d'acciaio a sezione quadra, cromata o verniciata. La morbida cuffia che riveste lo schienale, da cui il nome Hat, è personalizzabile sia nei colori sia nel decoro ricamato, sul quale è possibile imprimere la trama proposta da Arrmet oppure un logo, un nome o un marchio richiesto dal cliente. Sedia e poltrona sono impilabili fino a quattro pezzi. Lo sgabello è disponibile nella doppia versione con e senza braccioli.

EN. Collection of upholstered seats with chromed or painted squared-tube steel frame. The soft cap that covers the backrest, hence the name Hat, can be customized both in fabric colours and in the embroidered decoration, on which it is possible to print the texture proposed by Arrmet or a logo, a name or a brand requested by the customer. Chair and armchair can be stacked up to four pieces. The stool is available both with and without armrests.

IT. Sedia impilabile e poltrona lounge si declinano con disinvoltura come soluzione d'arredo sia per ambienti interni che per ambienti esterni. La struttura dal design lineare è realizzata in tondino d'acciaio, trattata per l'utilizzo in ambienti esterni e verniciata a poliestere. L'intreccio è artigianalmente eseguito con corda nautica piatta certificata in poliestere, resistente all'usura causata dagli agenti atmosferici e dall'attività erosiva salina. La sedia In Out è impilabile fino a 5 pezzi.

EN. Both stacking chair and lounge chair are declined with ease as a furnishing solution for indoor and outdoor spaces. The structure with its linear design is made of steel rod, treated for outdoor use and varnished with polyester paints. The weaving is handcrafted with a certified nautical flat rope made of polyester, resistant to wear caused by atmospheric agents and salt erosive activity. In Out chair is stackable up to 5 pieces.

IT. Collezione di poltroncine e sgabelli compatti e confortevoli per l'utilizzo in ambienti interni. La scocca in multistrato di legno di frassino può essere verniciata naturale o in tinta, oppure tappezzata con tessuti, pelli ed ecopelli, anche fornite dal cliente. L'ampia scelta di strutture, fra acciaio cromato o verniciato, girevoli in alluminio oppure in legno massello di frassino, permette di creare oggetti d'arredamento adattabili a diversi concetti di Interior.

EN. Collection of compact and comfortable armchairs and stools for indoor use. The ash veneered plywood shell can be painted, natural or tinted, or upholstered with fabric, leather and eco-leather, also provided by the customer. The wide choice of structures, including chromed or painted steel frame, swivel aluminium base or solid ash frame, allows to create pieces of furniture that can be adapted to different Interior concepts.

IT. Tecnologia, leggerezza e linearità emergono in questa sedia pieghevole realizzata senza saldature e con finiture di massima qualità. I due giunti di assemblaggio in tecnopolimero stampato a iniezione permettono di innestare lo schienale direttamente sulle gambe posteriori e di chiudere la sedia in uno spazio minimo. I raccordi della struttura in tubo di alluminio non presentano imprecisioni causate dalle normali saldature. Sedile e schienale sono realizzati in multistrato di frassino verniciato in tinta naturale o in monocromia con il fusto.

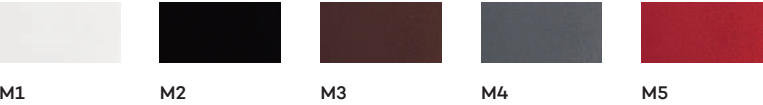

EN. Technology, lightness and linearity emerge in this folding chair made without welding, with top quality finishes. The two injection molded technopolymer joints allow the backrest to be inserted directly on the rear legs and to close the chair into a minimal space. The fittings of the tube structure made of aluminium do not have any inaccuracies due to normal welding. Seat and back are made of ash veneered plywood, painted in natural colour or in monochrome with the frame.

IT. Una struttura essenziale in tondino d'acciaio verniciata disegna profili e volumi con una armoniosa simmetria fra vuoti e pieni. Le sedie e gli sgabelli Log sono adatti all'uso in ambienti esterni, ad eccezione della versione "plus" in cuoio, grazie al trattamento con fondo di zinco e vernici poliestere applicato su tutte le strutture in acciaio della collezione e sulle reti elettrosaldate della versione "mesh". Le corde in pvc della versione "spaghetti" sono ignifughe e idrorepellenti. L'anima rinforzata al loro interno garantisce la resistenza alle alterazioni provocate dalle sollecitazioni del peso e dalle escursioni atmosferiche.

EN. An essential structure in painted steel rod designs profiles and volumes with a harmonious symmetry between empty and full. Log chairs and stools are suitable for outdoor use, excluding Plus leather version, thanks to a zinc coat and polyester paints treatment, applied to all the steel structures of the collection and to the electro-welding of the "mesh" version. The "spaghetti" pvc strings are fireproof and water-repellent. The reinforced core inside the ropes guarantees resistance to alterations caused by weight stress and atmospheric excursions.

IT. La scocca in polipropilene, tappezzata oppure in multistrato 3D impiallacciato frassino è abbinabile a 16 diversi basamenti di sedia e sgabello, disponibili in acciaio, alluminio o legno massello di frassino. La forza del sistema Máni risiede nella trasversalità di utilizzo delle sedute, adatte in interni ed esterni per il settore dell'ospitalità e residenziale. Perfette anche per la collettività grazie agli accessori quali i sistemi d'aggancio, i braccioli, le tavolette, le panche componibili e i carrelli per la movimentazione. Le versioni con scocca in polipropilene e legno possono essere rifinite con cuscino fisso o controscozza tappezzati.

EN. Both polypropylene, upholstered or 3D ash veneered plywood shell can be combined with 16 different chair and stool bases available in steel, aluminium or solid ash. The strength of Máni system lies in the transversal use of the seats, suitable for indoor and outdoor for hospitality and residential spaces. Perfect also for the community areas thanks to professional accessories such as hooking devices, armrests, tablets, modular bench system and trolleys for handling. Polypropylene and wooden shells can be refined with a fixed cushion or front upholstery.

IT. Collezione di sedute per l'esterno composta da sedia, poltroncina, poltrona lounge e sgabello in due diverse altezze. Randa è una collezione di sedute che trova perfetta applicazione nel contract grazie alla resistenza meccanica del fusto in acciaio. L'utilizzo della corda nautica e i trattamenti per l'uso in outdoor garantiscono la resistenza all'umidità, al sale e ai raggi UV. La linearità degli intrecci dona un aspetto leggero e fresco alle sedute, perfette per l'outdoor e dall'aspetto rilassante in indoor in tutte le stagioni.

EN. Seating collection for the outdoor made of chair, armchair, lounge chair and stool in two different heights. Randa is a seating collection that finds perfect application in the contract market, thanks to the mechanical strength of its steel frame. The use of nautical rope and special treatments for the outdoor guarantees moisture, salt and UV-rays resistance. The linearity of weavings gives a light and fresh look to the seats, perfect for the outdoor and beautifully relaxing in the indoor, for all seasons.

IT. Le linee razionali della struttura metallica delineano il profilo preciso e compatto delle imbottiture. Sharp arreda qualsiasi spazio d'attesa con stile essenziale ed elegante, assicurando la massima comodità nel minimo spazio. La collezione è composta da poltroncina e divanetto a due posti, anche accostabili. La struttura metallica diventa accento estetico se tinta in contrasto con le imbottiture, le quali sono tappezzate artigianalmente con tessuti selezionati oppure forniti dal cliente.

EN. The rational lines of the metal structure delineate the precise and compact profile of the paddings. Sharp furnishes any waiting area with essential and elegant style, ensuring maximum comfort in the smallest space. The collection consists in armchair and two-seats sofa, which can be easily placed one close to another. The metal structure becomes an aesthetic accent if dyed in contrasts with the padding, which is upholstered by hand with fabrics finely selected or supplied by the customer.

IT. La semplicità espressa dalla silhouette di Tesa è impreziosita da una tappezzeria artigianale oppure dalla scocca impiallacciata in legno di frassino verniciato. Nelle versioni Fabric o Stripe l'abilità sartoriale si esprime rispondendo alle richieste del progettista, fornendo una varietà di tessuti e pelli selezionate, con o senza impunture a vista. Nella versione wood, la verniciatura opaca della scocca ricorda l'essenzialità del design nordico. Tesa è una collezione completa di sedute basiche ma altamente personalizzabili.

EN. The simplicity expressed by the silhouette of Tesa is embellished with a tailored upholstery or an ash veneered shell. In the Fabric or Stripe versions, the tailoring skills are expressed by responding to the designer's requests, providing a variety of fabrics and selected leathers that can be combined with visible or concealed stitching. In the wooden version, the opaque painting of the shell recalls the essentiality of Nordic design. Tesa is a complete collection of basic but highly customizable chairs.

IT. Sgabello girevole e regolabile a vite centrale, con fusto in acciaio verniciato e sedile in frassino massello, verniciato naturale o in monocromia con il fusto. L'anello poggiapiedi in acciaio inox garantisce una buona stabilità e la massima resistenza all'usura. La vernice leggermente goffrata lo impreziosisce, donandogli lo stile industriale e senza tempo dello sgabello per eccellenza. Il design è semplice e rigoroso, Vito è uno sgabello dai mille utilizzi: dal residenziale, al contract, dai luoghi di lavoro al tempo libero.

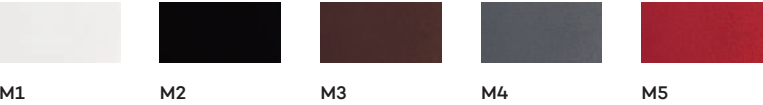

EN. Swivel and adjustable stool with central screw, with painted steel frame and seat in solid ash, natural or painted in monochrome with the frame. The stainless steel foot ring ensures good stability and maximum wear resistance. The slightly embossed paint embellishes the stool, giving it the industrial and timeless style of the stool par excellence. The design is simple and rigorous, Vito is a thousand-uses stool, suitable for residential, contract, work and leisure spaces.

Nota 1: leggere differenze di colore fra una partita e l'altra sono da considerarsi normali.
Nota 2: la stampa non è in grado di riprodurre fedelmente i colori dei tessuti, per una scelta accurata consultare il campionario fisico.
Note 1: light colour differences between lots must be considered normal.
Note 2: prints cannot guarantee a perfect correspondance of the true fabric colours, please consult the physical sample to make the correct choice.
